

Pressinfo

The internationally renowned Allotria Jazz Band from Munich has for many years been one of the most successful bands of the traditional jazz scene in Germany. In the styles of Dixieland and Swing seven excellent soloists play compositions of the twenties and thirties at a very high level under the brand name: „The Fine Notes of Classic Jazz.“ The polished musical characters of the musicians together with original arrangements of the seven-piece orchestra and the four-part horn section with two trumpets provide the unmistakable sound of a small big-band. 19 LP- und CD-productions in the past four decades attest to a diverse band history. With countless international performances, among them more than 30 tours of the USA and Canada, in „Classic Jazz“ The Allotria Jazz Band is Germany's #1 export.
